AAGNEYAS : THE CODE SPARK

Department of Computer Applications and Cyber Forensics Association

Academic Year 2026-2027

About AAGNEYAS: The Code Spark

AAGNEYAS: The Code Spark is a dynamic and innovative tech initiative organized by the **Department of Computer Applications and Cyber Forensics Association**. The event is designed to ignite curiosity, creativity, and technical excellence among students by providing a platform to explore the ever-evolving world of computing and cybersecurity. Rooted in the spirit of innovation, *Aagneyas* symbolizes the spark that fuels ideas and transforms them into impactful solutions. This event brings together aspiring developers, tech enthusiasts, and problem-solvers to engage in a variety of intellectually stimulating activities.

Participants can expect a blend of:

- Coding challenges and hackathons
- Cybersecurity and ethical hacking events
- Technical quizzes and debugging contests
- Workshops, seminars, and expert sessions

AAGNEYAS aims not only to enhance technical skills but also to promote teamwork, critical thinking, and real-world problem-solving abilities. It serves as a hub for knowledge exchange, innovation, and collaboration, preparing students to meet the demands of the modern digital landscape.

AAGNEYAS: The Code Spark (Academic Year 2026–27)

Theme

“Igniting Ideas through Technology”

Vision

To inspire students to learn, innovate, and grow in the fields of computer applications and cybersecurity.

Mission

- To improve coding and technical skills.
- To create awareness about cybersecurity.
- To conduct workshops and competitions.
- To encourage teamwork and creativity.

STUDENT DEVELOPMENT OUTCOMES

AAGNEYAS: The Code Spark (2026-27)

- Improved programming and technical skills
- Better understanding of cybersecurity and cyber laws
- Enhanced problem-solving and logical thinking abilities
- Practical exposure to real-world IT and forensic concepts
- Development of communication and presentation skills
- Increased awareness of digital safety and ethical practices
- Strengthened teamwork and collaboration skills
- Improved creativity and innovation through projects and competitions
- Better career readiness through placement and skill training programs
- Enhanced professional presence through LinkedIn and GitHub profiles

Documentation and Quality Practices

- All activities are systematically documented through:
 - Reports and records
 - Attendance tracking
 - Photographic and digital documentation
